How will this affect me?
During this work, water discoloration and pressure fluctuations may occur throughout campus. This discoloration is harmless in terms of sanitation and safety, but could affect clothing if used in laundry.

To find out more about how IPF is working to improve campus water quality and reduce the amount and severity of discoloration events, please read more about the water treatment plant at https://ipf.msu.edu/water-quality-updates?utm_source=email&utm_medium=cmpswd&utm_campaign=rdwtralrt.

Vehicle Use Policy
Please see the attached COVID-19 Vehicle Occupancy Guidance. (Sept 2020)
Face Coverings

Effective May 10, 2021, masks will no longer be needed in outdoor settings on campus or MSU-affiliated properties for individuals or small gatherings. Per the MDHHS order, masks are not required outdoors unless a gathering has 100 or more people. This change is for outdoors only. Face coverings are still required while indoors on campus or MSU-affiliated properties. Off campus, the university continues to urge Spartans to follow CDC guidelines.

The city of East Lansing has informed the university it will potentially be changing its face covering policy as well. The East Lansing City Council is set to consider a policy resolution Tuesday that, if approved, would eliminate the requirement to wear masks in downtown outdoor public spaces, beginning Wednesday, May 12.

Face coverings should:
1. be non-medical grade to maintain supplies for health care use,
2. fit snugly against the side of your face,
3. cover your nose and mouth,
4. be secured with ties or ear loops and
5. allow for breathing without restriction.

Cloth face coverings should only be worn for one day at a time, and they must be properly hand washed or laundered with soap/detergent before subsequent use. Face coverings may vary (for example, disposable non-medical masks or neck gaiters are acceptable).

Food and Drink Policy

Food and Drink Policy - Addendum to the PSSB Reopening Plan 7/23/2020

Based on the changing Executive Orders and needs of the MSU community, food consumption will be allowed in PSSB in posted designated areas. Please keep in mind that this change in policy may pose an increased risk of exposure and it is important to observe physical distancing, follow disinfecting protocols and spend minimal time in the room.

To meet these goals and maximize safety, the PSSB building SOP plan has been modified to:
- Note that it is always preferable to eat outside of the building when possible
- Conference and break rooms on the second floor will be open for food consumption. Please limit your time to 30-min to accommodate colleagues/other building occupants.
  - A279 - Horticulture conference room - maximum occupancy is 5
  - A271 - PSM conference room - maximum occupancy is 6
  - A246 - Break room - maximum occupancy is 5
- Maximum occupancy signs will be posted on each door. If the room is fully occupied, please check another designated space. If all conference and break rooms are fully occupied, check back later.
- Masks must be worn in each room unless actually consuming food.
- Kitchenettes will continue to be closed. There is no microwave or refrigerator usage allowed.
- Everyone should bring and remove all personal supplies for eating.
- The user is required to disinfect the space before and after each use following EPA approved guidelines (70% alcohol for 5-min; Sani-wipes for 3-min). Disinfectants will be present in the room.
- Snacks and community food to share should not be brought to work.
Protocol - MSU COVID 19 Testing and Reporting
