

YOUR FUTURE BEGINS TODAY

INTERNSHIP • TRAINING • LEADERSHIP

JOIN OUR TEAM!

As a leading, multi-faceted retailer and distributor, Helena offers a unique internship opportunity for students to develop knowledge in a variety of specialty markets. Students will have a hands-on approach to learning new technology, sales skills and leadership through our **Summer Specialty Sales Internship Program**. Apply to join our team this summer.

INTERNSHIP EXPERIENCE

Begin your career with Helena Agri-Enterprises.

INTERNSHIP

Do you have a passion for learning about turf & ornamentals, forestry, IVM, or aquatics? Helena can help you explore your future in these fields. As a Summer Specialty Sales Intern, you will be working side-by-side with our full-time sales & support staff at one of our branch locations. Each intern will gain experience with precision technology, sales, product knowledge and much more. At the end of the summer, each intern will prepare a formal presentation for Helena leadership to share their experiences, showcase their summer projects, and present ideas for business growth.

TRAINING

Helena is dedicated to preparing and training all interns for a real world experience. Training takes place both in the classroom and in the field by our professional sales & support staff. Core areas of development include agronomy, technology, product training, sales skills & field marketing. Students tell us that our hands-on training approach is one of the best in the industry.

HELENA AGRI-ENTERPRISES

Helena is one of the country's largest distributors of agriculture inputs. Based in Collierville, TN, Helena has over 450 locations across the United States. In addition to providing customers with crop protection inputs, seed, fertilizer and other agronomic services, Helena also has its own line of products and four manufacturing plants.
