Travel Grant Application
Sustainable Agriculture & Food Systems

The SAFS Travel Grant is intended to provide opportunities for SAFS students to become familiar with and participate in their future professions through travel to conferences and other academic meetings.

Deadline
- Applications are preferred one month prior to the event
- Pre-conference funds cannot be obtained without at least three week’s notice
- Applications for retroactive funding will only be accepted with approval from the SAFS steering committee

Eligibility
Students are eligible to apply for a SAFS Travel Grant award if:
- They are in good academic standing in their degree-granting program, and with their SAFS academic program. Students new to the program are welcome to apply.
- They have not received a SAFS Travel Grant in the same academic year.

Award Description
A student is eligible to receive one travel grant award during this fiscal year, based on the date the conference is attended.
- Students may request up to $800 for the travel grant.
- Conference fees, travel, meal per diem, and accommodations can be covered by the grant. The SAFS Steering Committee expects grantees to keep costs to a minimum, such as shared rooms and transportation when possible.
- Unless otherwise arranged, students receive reimbursement after the event.
- Submit receipts to the Department of Plant, Soil and Microbial Science administrative staff.

Application Procedure
Submit the following materials to Katherine Alaimo:
- SAFS Travel Grant Application form (see page 2)
- A recommendation form completed by the faculty advisor (graduate) or major advisor (undergraduate) (page 3 of this form) as to how the conference participation is directly relevant to the student's research, studies, or future career.
- A copy of the event registration showing the site and dates of the event.
- A budget regarding the amount of funding requested and a list of the specific expenses to be covered by the award.
