Livestock Trucking

Trucking Information - You only need to provide trucking information at the checkout window if you personally will be picking up the livestock you purchased, or you have made arrangements with a trucker to do so. Please be sure and provide the checkout clerk with the name of the person who will be picking up the livestock (including your name if you will be the trucker).

Trucking arrangements for livestock needing shipment to designated 4-H resale markets, area slaughter/processing facilities or for complimentary processing (chickens, turkeys and rabbits) will be handled by St. Joseph County MSU Extension staff, with trucking costs billed directly to the buyer (or debited from the resale payment) where applicable.

Important Note: All trucking arrangements for 4-H market hogs will be handled by MSU Extension staff and the 4-H Swine Project Superintendent to be shipped directly to a terminal market or slaughter facility.
