Why keep records? Keeping records on your project can be interesting and fun. Good records will:

- * help you learn about your goat, their rate of growth, the feed they require & behavioral habits
- * improve management practices
- * let you know if you made or lost money and how much
- * provide you with a record of your project activities for future use
- * help you plan future projects

Keep this record as part of your Member Personal 4-H Record, the record book which provides you with an organized system for keeping track of all your 4-H projects and activities on a year-to-year basis. This information is very helpful if you ever apply for 4-H awards or a 4-H scholarship.
