CALHOUN COUNTY 4-H YOUTH PROGRAM POLICIES & PROCEDURES

New members must be enrolled in a club by having a completed 4-H member enrollment form on file in the MSU Extension Office and their participation fee paid by June 1st of the current project year. NOTE: The 4-H project year for Calhoun County is September 1 to August 31. 4-H clubs are required to submit renewing 4-H member enrollments and paid member participation fees to the MSU Extension Office by March 30th each year, (unless approved in advance by the 4-H Educator), with June 1st being the final deadline for Fair eligibility.

Enrollment process must be renewed annually

Adult Volunteer Leaders: All prospective volunteer leaders must complete the volunteer selection process. The responsibility for the well-being of children lies with each and every one of us who have ongoing, unsupervised access to children or to adults who have severe mental, physical, or emotional disability conditions during the course of their participation in MSU Extension Youth Programs.

The Michigan State University Extension program prides itself on providing quality educational programs. The primary purpose of this Code of Conduct is to ensure the safety and well-being of all participants.

MSU Extension volunteers will:

- Accept their responsibility to represent MSU Extension - Calhoun County and MSU extension programs with dignity and pride by being positive role models.
- Conduct themselves in a courteous and respectful manner, exhibit good sportsmanship and provide positive role models for youths.
- Respect, adhere to and enforce the rules, policies and guidelines established by MSU Extension - Calhoun County and MSU Extension programs.
- Abstain from, and not tolerate physical or verbal abuse.
- Comply with equal opportunity and anti-discrimination laws.
- Avoid criminal activities.
- Under no circumstances, possess, sell or consume alcohol or possess, sell or use controlled substances at a MSU Extension youth activity or event.
- Under no circumstances, attend or participate in a MSU Extension youth activity or event under the influence of alcohol and/or controlled substances.

- Accept the responsibility to promote and support MSU Extension to develop an effective, county, state and national program.
- Operate machinery, vehicles and other equipment in a responsible manner.
 - It is important that all Michigan State University Extension volunteers comply with the Code of Conduct. Failure to comply with any component of the code or participation in other inappropriate conduct as determined by MSU Extension representatives may lead to dismissal as a volunteer from the MSU Extension program.

Residence:

- a) Youth are expected to affiliate with the program in their county of residence. It is recognized that limited situations may occur where membership in a county other than the county of residence might be positive.
- b) 4-H membership in two counties simultaneously is discouraged.
- c) 4-H membership in two states simultaneously is discouraged.
- d) Consideration for membership in a county other than the county of residence should be given only in situations where a positive educational experience will result. Any change motivated by perceived competitive of sale advantage, due to controversial issues, or other similar motivations will not be seen as justified reasons for consideration for membership in a county other than the county of residence, and should be automatically brought before the Council involved.
- e) Any consideration for membership in a county other than the county of residence within the limits of this policy and not addressed by the above statement should be brought to the attention of the MSU Extension Office. MSU Extension staff will then provide leadership for decisions in these special situations.

Deadlines: Compliance with established, stated and published final dates and deadlines is considered an expectation of 4-H membership. Submitting required exhibits, applications, reports, etc. on time and within the rules is part of the 4-H learning experience. Individuals not complying with these expectations may lose awards and privileges. This is especially important in animal projects where animal ownership, raising and identification have a specific time line as a part of the project requirements. Members not complying with established and published requirements may be denied any and all premiums or awards for that project.

Project Eligibility: All projects must be prepared, constructed, and/or assembled by the member. The member is responsible for the development, care and/or training of their project on or before any and all applicable county enrollment, registration and ownership deadlines and continuously until after the project(s) is officially released from the fair. It is the responsibility of the youth exhibitor and his/her family to follow all prescribed and accepted livestock exhibition and care practices pertaining to when ownership of animals is to occur. Possession means the animal(s) are in the youth exhibitor's name with written proof of ownership as evidenced by one of the following: bill of sale, lease agreement or purchase agreement. The youth is to provide at least 75% care of the animal project(s). Parents providing family owned and/or raised animals to their child need to provide a signed statement documenting ownership of the animal(s) in the name of the youth member.

Project Exhibition: Handicapped youth may be assisted, as necessary, during project evaluation and/or in the show ring by a leader or other youth exhibitor. Any exhibitor unable to attend non animal judging, must have a written explanation as to why they could not attend and information about their project and it can only be exhibited by another 4-H member or sibling.

Attendance: Members are strongly encouraged to attend 4-H meetings as part of the overall educational experience. 4-H club leaders and members may establish goals for attendance, projects, completion, etc. to meet criteria established for awards and recognition within their club provided they do not conflict with MSU Extension Equal Opportunity or Affirmative Action policies.

Exhibition: Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the member. The exhibitions of 4-H projects provide the member an opportunity to display their 4-H projects, entertain wholesome competition and enjoy a positive educational/social environment with their peers. With the privilege of exhibition, also comes the responsibility for abiding by all of the rules relative to the respective 4-H project.

Disobedience of the established rules of the projects may be grounds for disciplinary action up to and including exclusion from the 4-H Department of the Fair.

Completion: A 4-H member is considered "complete" in his/her project work when he/she has:

1. Filled out and submitted an official 4-H Club member enrollment form by the established and published deadline.
2. Turned in any required project reports by the established and published deadline.
3. Exhibited the required project exhibit at the Calhoun County Fair during the current project year.

Special Note: Members who have met requirements (1) and (2) above, but who are unable to or wish not to exhibit at the Fair may still receive a "complete" in a given project area if the member provides a project demonstration/illustration to their 4-H club and if the Administrative and project leader provides approval.

4-H members participating in/ or acting on behalf of the Calhoun County 4-H Youth Program are expected to conduct themselves in accordance with accepted standards of social behavior, to respect the rights of others and to refrain from any conduct which may be injurious to the program. Actions constituting misconduct for which 4-H members may be subject to disciplinary penalties include, but are not limited to:

1. Dishonesty in connection with any 4-H activity by cheating or knowingly furnishing false information.
 2. Alteration of/ or unauthorized use of 4-H records.
 3. Obstruction or disruption of any 4-H activity or aiding and encouraging other persons to engage in such conduct.
 4. Failure to comply with specific rules of a given project, contest or activity.
 5. Failure to comply with directions of 4-H officials acting in the proper performance of their duties.
 6. Possession or the use of fire crackers, gun powder, firearms, chemicals or other materials that can be used to create an explosive mixture.
 7. Misuse of fire equipment or fire alarms.
 8. Any exhibitor under the influence of alcohol and/or drugs will not be allowed to participate at the fair and will remove projects from exhibit and forfeit premiums.
 9. Physical abuse or conduct which threatens or endangers the health, safety and/or well-being of any person/animal.
 10. Theft or malicious damage to property.
 11. Possession and/or use of distribution of alcohol or illegal drugs.
 12. Lewd, indecent or obscene conduct and/or language.
 13. Unauthorized entry, use or occupancy of any facility.
 14. Any conduct which threatens or interferes with the maintenance of appropriate order and discipline, or invades the rights of others.
- When violations of the above policies occur, the following procedures will be followed:

- A. The parent(s)/guardian(s) will be contacted.
 - B. The 4-H Extension Staff will be notified.
 - C. At the discretion of the 4-H staff members, leaders or other individuals in charge, the offender(s) may be turned over to the proper authorities.
- Penalties:** If in the opinion of the 4-H staff member(s), leaders or other persons in charge of the event/activity, evidence of alteration, excessive outside help, unethical preparation and/or misconduct is noted, the exhibit and/or member may be subject to any and/or all of the following penalties may be applied:

- A. Disqualification from the show/exhibition.
 - B. Forfeiture of all premiums and awards.
 - C. Disbarment from participation in that project/event/activity and/ or other related projects/events/activities.
- Further, enforcement may be selective and does not waive the MSU Extension staff's right to enforce penalties at a future date and appropriate circumstance.
