

Field Crops Webinar Series

Monday Evenings, February 24th - March 31st, 2014
Live Online

Growers, consultants and agribusiness professionals are invited to attend six online programs addressing key field crop production and pest management points for 2014. Participants will learn how to enhance their corn, soybean, small grain and forage systems in the coming season, and have an opportunity to ask questions of MSU agriculture experts. The live webinar programs can be viewed independently online at no cost. One MDARD Pesticide Recertification Credit will be available through each event for application to one of the following categories: Private Core, Commercial Core, or Field Crops.

All programs will be held Monday evenings 7pm-8pm EST

February 24th

- ◇ Small Grain Production
Martin Nagelkirk and Jim Isleib, MSUE

March 3rd

- ◇ Corn Stover as Feed and Fuel
Dennis Pennington, MSUE

March 10th
