## Virtual Programming Ideas

Despite the joy that comes from face-to-face programming there are times when having a virtual program is optimal. (Harsh, unpredictable Michigan winter comes to mind.) This document is designed to provide staff with virtual ideas and with at least one colleague connection, if there are questions. Some the virtual program ideas listed in this document may also be options for a 4-H club volunteer who wishes to conduct virtual meetings with club youth.

Program	Description	Staff Name	Contact Information
The Wonderful World of Bugs	We will talk about all things insect, from migration to pollination. Youth will learn about the insects around them with fun activities like making a pollinator feeder, doing a bug scavenger hunt, and more! MI Butterfly & Squirrel Trackers	Do you love Science? Do you love to explore? Join friends from Traverse Area District Library to learn behaviors and patterns of butterflies and squirrels all while helping Scientists! You read that right! HELPING SCIENTISTS! For this citizen science project, we will track and observe different Butterfly species in our area, and report our findings to help Michigan Scientists understand the changing population status of our state's butterfly species and evaluate the quality of Michigan ecosystems. The second half we will track squirrels and report the findings.	Susy White Grand Traverse County	<a href="mailto:turcotts@msu.edu">turcotts@msu.edu</a> 231-922-4825
Birds Inside Out	Birds Inside SPIN club is your one stop shop for anything and everything bird related! From wild birds outside to pet birds in the home, this club will teach you about stewardship of all different kinds of birds. Using cockatiels and bluebirds as examples, this club will help you learn both how to care for the birds in your garden and help you decide if a pet bird is right for you!
