

Still Projects Meeting

Minutes, September 25, 2018

Present: B. Hoerauf, J. Martin, P. Sarlitto, S.Montoye

The meeting was called to order by J. Martin.

Secretary's minutes from the previous meeting were reviewed.

Treasurer reported balances of \$779.00 in Still Projects account (after payment of tent rental) and \$2078.94 in Cloverbud Camp account.

Old Business

Cloverbud Camp - all went well according to reports. There were about as many counselors as attendees (numbers were down from previous years). We would hope Mandy would handle Cloverbud Camp again next year, but her kids are no longer cloverbuds.

Youth Show - Activity tent went well manned by Mandy Rogers and another mom. A motion was made and passed to pay the \$125.00 for tent rental.

We reviewed Youth Show comments - BOS ribbons did not get ordered. Need to order 100 BOS gold ribbons for next year. We also need to have "certificates" stating BOS category.

In order to try to increase participation in Still Projects Committee, Sheri suggested that we target those members on the Still Projects registration list.

Office Staff - Sheri said that the office will be initiating "Club Awards" in the coming year. Clubs can earn points for completing registration, holding more than 6 meetings a year, participation in county committees, and other goals. Number of points earned will determine Gold, Silver, or Bronze awards.

New Business

For 2019 Fair - consider changing date of SP judging; some judges will not participate on a Sunday. This would need Livestock and Dairy committee approval as well as Farm Council. We discussed various ways to accomplish this, but this will require more thought. We will, however, change SP judging times to 1:00 til 5:00 p.m. Sheri also suggested that we put a note in the horse packets stating judging times.

Wednesday Noon judging this year will be Creative Cupcakes. Up to 18 cupcakes may be displayed, decorated or not, filled or plain.

We discussed a plant growing contest. Maybe hostas or lillies or another perennial, but we would likely need plants to hand out. Jean will check with Denise Prielipp and perhaps Lodi Farms about this.

We all need to review the Fair Book for changes/corrections.

February 9 or 23 is planned for our annual Mini-Expo/Projects Galore day. Jean will check with Scio Church and WFC for availability. Some possible categories are talent show, public speaking, improvisation, terrariums, science, flower arranging (maybe make 1 donate 1), duct tape wallets, stenciling, origami, seasonal decorations, electrical (switch, lamp kits), small motor/engines, rockets, leathercraft, Legos?, crocheting, animal showmanship, archery?

Laurie Rivetto will present an entrepreneurshship workshop on Friday evening, November 30.

Signage for entrepreneurshship project - Bev will check with Saline HS Graphic Arts to determine cost.

Next meeting, Tuesday, Novemer 27, at 6:30 p.m. at the Extension Office. Other meeting dates will be January 22, March, and May 28.
