

## Show Ring Work Schedule 2019

Assigned clubs are responsible for checking with the species superintendent (and/or assistant) to determine the exact set-up and clean up requirements. Those working the clean up shift should check with the superintendent for the next event to see if the show ring needs to be dismantled or left standing.

**If a set-up time is not specified, please check with the respective superintendents to find out when clubs should report to set-up.**
