> Where do you volunteer, and how did you get started? I'm a volunteer with Wayne County 4-H Livestock Development and have When we started 4-H in 2015, we had three kids jump into a livestock club. My husband came home from a January meeting (while I was home with a baby and toddler) saying the kids are doing pigs! Mind you, we were not set up for anything but chickens. That changed quickly! I got started officially volunteering by asking questions and attending the monthly livestock meeting at the Wayne County Fairgrounds. What has been your favorite or most fulfilling part of volunteering My most favorite thing about 4-H is that it has become a true family effort. My husband grew up on a farm, but livestock was new to me. We have grown so much as a family with their fair projects. Our oldest two children are now 4-H alumni. We have three kids still 4-H eligible. Our oldest three kids are pursuing STEM related degrees, and I no doubt believe 4-H had What volunteer projects would you most like to be a part of? I would have to say that showing at the Wayne County Fair is our favorite 4-H project. My kids have shown pigs, poultry, goats and sheep. Community arts projects are great club activities.
