Action	Agenda Item
Approved	2. Approval of agenda for 28 April 2022
Approved	3. Approval of minutes from 14 April 2022
	4. Old Business
	5. New Business
Approved	5a. AFRE 811 (new course) #1 Simplify the reason: "New course to fill a void in microeconomics theory" #4 Remove the term PhD from the title and SIS titles. *The outline of topics does not seem focused on a PhD, and the target audience includes MS students. #5 ditto. Remove PhD from description #8 remove the word 'Abroad' #10 Rewrite. Course objectives are written in the form - "by the end of the course, the students will know/ have what knowledge?" #13 "AFRE graduate students". Do not mention other specific courses #18 remove associated courses. These are courses that "can coexist but whose content is so closely related that a student should not take both courses for credit." You clearly intend that students can take both. #20 typo #23 Note - You could restrict to AFRE grad students Syllabus - remove "failing work for a PhD" from grading table
Approved	5b. AFRE 900 (course change) #1 Simplify the reason: "Remove B and II from course name, as it is no longer part of a series" #17 AFRE 900B as an alias #25 Add a '3' for discussion #30 update grading from the syllabus

Approved	5c. AFRE 900A - (course delete)
Approved	5d. AFNRE Teaching Endorsement (program change)
Approved	5e. CSUS 474 (delete course)
Approved	5f. CSS 192 (course change) #5 Why is this course tied to a career in industry? Suggestion for title.... "Career exploration and preparation, and written, verbal, and visual communication, in crop and soil science" #29 Take this statement out - does not apply.
Approved	5g. CSS 292 (new course) #1 rephrase - Since this is a NEW course, you cant indicate that this is a change #7b The other courses say to process at same time CSS 192, CSS 492 #13 IAT already listed as required audience. Do not list again under selective. * All UGRAs? Or just certain majors? Why the cross list with AFRE ANS HRT # 17 Check to see you can add AT292 alias? #25 correct to a 2-2 model (doesn't matter if its 10 or 14 weeks) #29 Take this statement out - does not apply. Syllabus - Correct the 0.0 on the grading table
Approved	5h. CSS 492 (course change) #3 and #4 For the course title, add a 'W' since this is a Tier 2 #5 Delete last statement (not needed) "Tier II writing course" #7B Remove CSS 192 if you don't want the courses linked #22 Prerequisite statement makes no sense. Duplicates CSS192/262 statement. #30 Committee comment: this course has the same grading as CSS 192 course, but it is 400 level. Anything different? How does it meet Tier 2 writing? * Syllabus - typo "spring bread' - update prerequisites on syllabus
Approved	5i. LA 898 (course change) * change to pass/ no pass
Approved	5j. LA 899 (course change) * change to pass / no pass
Approved	5k. PKG 411 (course change) #22 recheck brackets one more time.
Tabled *Check w/ Dept*	5L. PKG 485 (course change) But nothing seems to have changed.
